

Matt~

Thanks, I'm so happy with the new windows! I love them! Your guys were very nice and respectful~ especially Willy...I'll send you a check to the address on the contract~ question for you...if I decided to go with siding, is it the same crew that does that or do you have a different crew for that? Just curious. We can talk more about that soon. (Another quick question, if I decided to put a deck on the back of the house, does that happen before or after siding?)

Will send the check asap~

Maura
